

Create your own Voki Speaking avatar.

1. Go to www.voki.com
2. Create an account so you can save your voki and access it later
3. Hit "Create" Button on top
4. In "Customize your Character" box Click on the person icon
5. Choose and customize your character.
6. Choose clothing icon and accessories icon to make your voki unique.
Remember this will be used IN SCHOOL for academic purposes so make sure it is school appropriate. (Yes, dress code on your imaginary avatar applies!!)
Hit Done when finished
7. Next you can choose a background.
8. Now you are going to record your message
9. Under "Give It A Voice" box – Choose your method of recording phone or microphone and record your introduction. Make sure you hit done.
10. Now hit publish and title your Voki Real first name and first initial of your last name. Example John D or Michelle O. **DO NOT USE YOUR LAST NAME!!**
11. Now you can embed your Voki into your blog. To embed you voki onto you wiki, blog or webpage copy and paste code from the box. If you do not see the code you need. Go to my voki, click on your voki and hit "publish" again and more options will show up.
